Thank you for participating in this study! With your permission, we would like to use the material we have collected for research purposes. This may include using your information for publications, or sharing the information with the other researchers in our project (their names can be found on our website). Different types of data and different materials can be used in different ways:

### Photographs / Video

Photographs taken or video recordings made may be published with access by the general public, among others through the SoilCare website, and in project publications.

### Interview / Survey

The results of the interview you have given or the survey you have filled out for SoilCare partners will be used for further research. Your name or identity will be made anonymous to the general public and will not be published, unless you give permission for this. Your name and identity can be provided to other SoilCare partners for research purposes.

By signing a copy of this form, you give us consent to use the data we have collected with your cooperation. The type of data for which you give permission can be indicated below. By keeping a copy of this form yourself, you have a signed declaration from us that we will only use your information in the way described above. You can find contact information for us below, in case you have any questions later.

*The persons registered in the table below hereby declare that they allow the SoilCare project to use the following personal data, solely for the purpose of the SoilCare project: they also declare that they have read this form and they have been told of their rights concerning the EU General Data Protection Regulation (GDPR).*

- If you **do not** consent in being photographed or filmed, you must be assigned an area in the room or space outside during the event where no recordings or photos are being made.
- If you **do** consent in your opinions or data being used but **do not** consent in your name being used, it is advised not to write down or record your name during the session today. Please do write down your name on this form to indicate that you do or do not consent in specific subjects. This group consent form will only be kept for the record and not be published.
- If you **do not** consent in your name and data being used, these data should only be used in the session today and not used further on in the project.
- If people do consent now, but change their mind later, their data (and pictures, film recordings) must be removed.

[SUGGESTION TO READ OUT LOUD THE TEXT ON THIS WHOLE CONSENT FORM BEFORE ASKING THE PEOPLE TO SIGN THE CONSENT TABLE BELOW, SO ALL PARTICIPANTS ARE AWARE OF THEIR RIGHTS]
